

FR711VA 115 Volt Pump

Features & Benefits

- 20 Gallons per minute (GPM)
- 1/3 HP motor with sealed bearings and heavy duty switch
- Heavy duty cast iron construction
- Iron rotor with carbon rotary vanes
- Compatible with diesel, B20 biodiesel, gasoline and E-15
- 2 inch threaded base for tank mounting
- 901C Series mechanical meter
- 1 inch x 18 ft. UL listed hose
- 1 inch ultra-high flow nozzle
- Self-priming
- 2-year warranty

| Pump & Accessories | PRICE |
|-------------------------------------|-----------------|
| 711VA metered pump (20GPM) 115 volt | \$850.00 |
| 1" Filter Head | \$15.00 |
| 1" 30 Micron Fuel Filter | \$11.50 |
| 1 1/4" Suction Pipe | \$15.00 |
| Total | \$891.50 |

FR311VB 115 Volt Pump

Features & Benefits

- 35 Gallons per minute (GPM)
- 3/4 HP motor with sealed bearings and heavy duty switch
- Heavy duty cast iron construction
- Iron rotor with carbon rotary vanes
- Compatible with diesel, B20 biodiesel, gasoline and E-15
- 2 inch threaded base for tank mounting
- 901C Series mechanical meter
- 1 inch x 18 ft. UL listed hose
- 1 inch ultra-high flow nozzle
- Self-priming
- 2-year warranty

| Pump & Accessories | PRICE |
|--------------------------------------|------------------|
| 311VB metered pump (35 GPM) 115 volt | \$1295.60 |
| 1" Filter Head | \$30.38 |
| 1" 30 Micron Fuel Filter | \$16.50 |
| 1 1/4" Suction Pipe | \$15.00 |
| Total | \$1357.48 |

NX 3210B 12 Volt Pump

Features & Benefits

- 25 Gallons per minute (GPM)
- 12 to 24 volt DC
- Magnetic switch – smooth & field replaceable
- Lower amp draw – save battery power and pump life
- Improved suction lift – variable speed motor adjusts to load
- Compatible with diesel, B20 biodiesel, gasoline and E15
- 20 foot power cord
- 18 foot UL listed hose
- 1 inch ultra-high flow nozzle
- Telescoping steel suction pipe
- 2-year warranty

| Pump & Accessories | PRICE |
|-------------------------------|-----------------|
| NX 3210B pump (20GPM) 12 volt | \$845.00 |
| 1" Filter Head | \$15.00 |
| 1" 30 Micron Fuel Filter | \$17.39 |
| Total | \$877.39 |

FR4210G 12 Volt Pump

Features & Benefits

- 20 Gallons per minute (GPM)
- Heavy duty cast iron construction
- Cast bronze rotor with bronze rotary vanes
- 2 inch threaded base for tank mounting
- Compatible with diesel, B20 biodiesel, gasoline and E15
- 1 inch x 12 foot UL hose with static wire
- Manual nozzle
- Telescoping steel suction pipe
- 2-year warranty

| Pump & Accessories | PRICE |
|---------------------------------|-----------------|
| 4210G pump (20GPM) 12 volt | \$465.00 |
| 1" Filter Head | \$15.00 |
| 1" 30 Micron Particulate Filter | \$11.50 |
| Husky 1GS Automatic Nozzle | \$64.95 |
| Total | \$556.45 |
